

Portland Children's Museum

Why Kids ♥ It

"You just woke up an idea in my mind. — Lois, age 4

etur alia nulliqui im re as incit et estem eaque modit, sedipsuntem natur, quia em eaque modit, sedipsuntem natur, quia sitat et, tem doluptatius dolorpor aruptaquis et acest dolupta spediostam doluptaquis

Why Parents ♥ It

Through our Museum Center for Learning, we make visible the ways children think, imagine, design, invent, and create when given intelligent materials, including the tools of the arts and sciences. We share our experiences through professional development workshops, educational materials, and our annual Summer Symposium.
